please continue to call mr lemire and ask bosco or someone else for a recommendation as mr lemire only confirms that island rigging was not fair on their pricing. anna maybe you and i can call island rigging and tell them their 25k should be 10-12k and we can get a better price from them.

thank you

rich

Greetings Rich,

Mr. Lemire has not responded to my email, and he is not answering his cell phone. I will continue to call him.

Greetings Rich,

Mr. Lemire said no. I will contact him and see if he can, (1) Fabricate the cylinders and we install like the last time, or (2) Recommend another vendor for us.

Hi Boscoe,Just reviewed your photos,At this moment I'm short handed and committed to other projects and will not be able to take on this project.I appreciate your considering us but I must be honest. this type of work requieres full commitment and I will not be able to provide that at this time.Once again Thank You.
