hi,

[REDACTED] asking all of my friends to please go on *Amazon* and buy a copy of my autobiography, "The Joke Man: Bow To Stern."

better yet? buy a few and give them as holiday gifts ... it can be ordered in hard cover, Kindle & audio book from this same web page.

this has been a life-long project, it's selling well, and a good push might move it to Best Seller.

thanks tons,

j.
