> Based on your conversation with Oscar, we are ready to do this job tomorrow and as you said the budget for flowers would be approximately \$2000, the total cost for this job will be \$4500 plus the sales tax, and would include:

- > \* Floral Arrangements- Full floral installation in all areas as requested
- > \* Installation Labor Expense
- > \* One floral maintenance visit
- > \* Delivery / transportation Expenses

> Please note that all the vases we'd use for this installation are rentals and belong to our company's inventory.

> Oscar is offering to not charge any rental fee as per this installation.

> Kindly provide us with the following payment information at your earliest convenience. We accept all major Credit Cards:

- > \* Credit Card Number
