I would think that the quantum computing, artificial intelligence, evolutionary dynamics, membrane computing, mathematical biology, synthetic general intelligence, mathematics of cooperation. genetics, encryption algorithms, might better portray his intellectual philanthropic interests.

Marty,

Thank you for the comment. We are updating the story we already have on the wire.

About Mr. Epstein's philanthropy, could we talk by phone? I have questions, but not many specific ones. I think it would help if we could see the form 990s for, say, the three most recent years—could we get copies of those?

Cheers,

Dave

Off the record - Judge Marra's Order is not at all unusual. On the record - We will be providing the Court with legal authority in support of the assented to motion for a supplemental protective order in a legal pleading early next week

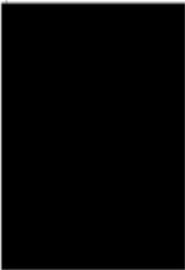

If you have specific questions about Mr Epstein's philanthropy email them to me and I will try to get you accurate responses, thanks

Best, Marty Weinberg
