The idea of the embassy which is a british territory looks interesting with a video circuit ,to the coart in london ,, it is of great benefit to have a break through now while Jessica in her present position ,, ,these meetings to be continuous to have a break through not once every few months ,lets have a conference call with ken if absent with Ian

sticking to an impossible position , will make things worse. they will never allow yemen, unless we can do it in the embassy? or something different. the risk is that fah finds himself on a plane , careful

Dear Chairman,

EFTA00699725

I spoke to Ian about this and his reply was a little hazy in that he said that:

1. This would not be applicable in our case as they know where FAH is anyway and this is usually in case where the suspect has disappeared or has eloped to a third country; and that
2. Even if could be the and we lose the case, then what other option do we have.
3. He recommends we stick to our current strategy of Yemen and only Yemen.

Best regards,

**Hani Salah**
