Hi Richard,

I am very sorry for the delay in submitting this quotation because I asked Anthony Barrett for guidance.

I feel very hesitant to submit this bid because of the nature of the work due to the sensitivity of the lobby involve particularly the big paintings on both walls. The protections of the paintings and the nature of work in the ceiling special artistic method.

The price of the electrician alone is \$13,000.00 for all the breaking of 13 to 15 holes on the ceiling and walls. The contract is separate between you and the electrician which I will forward to you.

The construction is by Richfield and the scopes of work are the following: Provide insurance certificates, protections of walls and floor, installation of scaffold, patching all the holes made by electrician, plastering, painting of entire walls, painting of ceiling with special artistic painting method and clean up. The price is \$12,000.00.

Thank you for the opportunity to offer our services.

Sincerely,

Penn D. Baluyut
