That's VERY interesting.
We do have a few * island mgrs -who might fit the bill- have a bunch of 5 * gm who are interested.
The boat cpt could be perfect- 140 ft boat ++ cpt will also know service. Great call--
are you on this??
- I have 2 cpts I can ask- who is a good broker + how do we find a great cpt -- only issue I see - is they all know the $ scam -
working a boat- they know the game-

I thinkwe might look for a boat captain to manage the island, it is more like a big ship, needs cleaning, salt
damage. etc.
