Hi Jeffrey,

I will give you an update tomorrow of everything that I am working on, including links. I can't seem to get my material above the 4 press listings on your first page. They are:

dailybeast
dailybeast
forbes
telegraph

Two of those listings label you as a pedophile in the title. And I would like to get your permission to ask them to remove it on the grounds that it is libel. Which it is.

I'll be in touch tomorrow.
