Spoke to Gulfstream,

Avionics guys are checking wires for cabin temp controllers and other components,, no findings yet,, they will run engines tonight at midnight to check Newly installed Temp sensors,,

Tech ops is advising all trouble shooting still,,

Better update at 11:30am when I arrive in Brunswick tomorrow morn, I got stuck in Atlanta tonight

Should I confirm with Susan and Justin for GV trip for Wednesday morn demo flight?

Pls advise?

Thx

Larry
