I think went great today! Thank you for having us! Pen asked me to thank you as well!

What are the dates for the trip? On April 22 (the evening) is my best friend's [REDACTED] bachelorette party - I am in charge, she organized my birthday party together with Pen. I could literally just go back and forth for the thing just for one night, in case the party overlaps with the trip.

the candidates are waiting for the update regarding the trip as well.
