Blackberry and the Lesson of "Don't forget all the parts move"
Today's WSJ has a book excerpt about the demise of RIM/Blackberry. It is a fascinating story but also has a core lesson for product managers (including myself) which is the lesson of "don't forget all the parts move". While hindsight is always 20/20, when you are faced with a potentially disruptive situation you have to take a step back and revisit nearly all of your assumptions, foundational or peripheral, because whether you see it or not, they are all going to face intense reinvention. In disruptive theory we always talk about the core concept that disruptiv

(Dis)Honesty - The Truth About Lies Release
The documentary "(Dis)Honesty - The Truth About Lies", based on my 3rd book, opened in NYC last weekend at the IFC. Director Yael Melamede and I had a great time at the Q&As - fantastic questions and follow up conversations. If you can't make it to NY, the film is now available for purchase on our website thedishonestyproject.com and on iTunes. (Dis)Honestly Yours, Dan
