JE & KARYNA,

Thanks a bunch for sending the cards.

They were actually prep cards for the National Boards of Dentistry (www.DentalDecks.com.)

As Justin is prepping for admittance to Dental School, the priority right now is on prep for the DAT, (Dental Admissions Test).

He will send the Dental Decks back to you in NY.

Do you know where the Best version of the **Dental Destroyer** Prep Cards, (multiple versions) may be?

Any advantage helps as he is no longer a student-athlete.

Just a student with the hope to get into Dental school, graduate, pass his boards & cover for Karyna one day,

(if she needs to take a day off). 

Thanks,
PB
