Dear Jeffrey,

Hope you are well.

Having received my last email I was wondering if you might have any continued interest in the Michigan project.

I would be able, at your convenience, to come to New York next week with the managing director to give you a full presentation.

If you have no further interest, would it be possible for you to kindly give me a contact in New York who would potentially look at funding for us .

The demand for the product, from Asian investors particularly, continues to grow.

On a separate subject, please could you have Lesley email to exact criteria for the staff that you require as I believe that you will be able to get some very well trained Philipinos from Singapore (individuals who have had service experience in five star hotels and cruise ships).

Hopefully look forward to seeing you soon and would love to have you over for a few days shooting this season.

Best wishes

Julian

Ps please send any response to the above email address.
