Okay, I'd like to suggest that I can place before you 10 -15 qualified candidates over a three month period. Obviously its up to you whether you feel

any of them are the right fit. I had thought [REDACTED] was a good fit: sweet, malleable, attentive but it seems i was off with that. I'm thinking someone Japanese maybe?

I'd like to talk to you about payment etc. when i see you! Must stop sneezing however so i can have my very finest radar in tact - ;)

i am so ready to be out of the city! too bad .. i can't travel to Japan!
