Hi Richard,

It was wonderful talking to you yesterday! As it turns out, I am still waiting to hear about the pricing for multiple units on the VPLVW1100ES. However, I do have great news regarding Jeff's current order. I was able to get one unit for Jeff prior to it being released. I am working diligently with my team in having it ship out next week. When it is available, we are working on getting it shipped overnight as they know the urgency on this order. To proceed with the order, I would need to process it. I can be best reached on my cell phone to finalize it. Thanks and I look forward to hearing from you! ☺

Best,
Celeste

Hi Everyone,

I apologize for the delay in response. As Brice knows, I recently had a death in the family and had to attend to that. I want to thank you for your patience. As for Jeff's Sony products for his ranch, I've attached my product proposal. As it turns out, the release of the 4K Projector has been pushed back to mid-December to end of month. As discussed with Brice during our conversation today, I have been diligently working with our projector managers in putting an urgency

on this order. It is highly recommended that we proceed with the order as soon as possible so that Jeff's priority will be placed on a high level. Let me know your thoughts on the Sony projector and AV components 😊 I look forward to hearing from you soon!

Best,
Celeste
