The economic owner is BFP LP. The titular owner on Knowledge Universe records is LBF Holdings. This was an investment that dates to the period of rollup (BFP creation) and initially acquired by LBF Holdings and was transferred to BFP LP.

who owned it?

We elected to sell partnership interest and receive cash currently with some cash coming lwhen contingent claims are settled in future. No election to defer sale. Loss on sale of this partnership approx \$18mm recognized in 2015 (company estimate). Balance of Knowledge Universe partnership interests has low basis and large unrealized appreciation (based on company valuation).

> Following the discussion we have had with regard to the April 1, 2015 Confidential Memorandum, I am checking in with you as I have not to date received the signed Schedule E or Schedule F for LBF Holdings LLC. I believe you indicated that you would likely be electing the deferral alternative on Schedule F. As described in the Confidential Memorandum, tomorrow (April 22) is the last day for submitting Schedule F and electing the deferral alternative for potential non application of the Contingent Tax Liability. Should we not receive Schedule F from LBF Holdings by tomorrow, its KUE LP Units will be purchased net of reserves and the Contingent Tax Liability as described in the Confidential Memorandum (wire transfer instructions on Schedule E will then be needed to process payment).
