I just found this email. I changed my email filters... so this got filed automatically into a folder.
Please accept my apology for the delay then.

My "cases", there are now 5:

- The information case - where I'm protecting the 4th amendment.
- The adversary case - where they want to get all of Rothstein's money back (\$7.5 million)
- The "final judgement" case - where they want Qtask to pay for all the fees for my contempt of court charges.
- The "final judgement amendment #1 - where they want my Lawyer to pay all the fees.....too.
- The "final judgement amendment #2 - where they want me personally to pay all the fees.....too. Of course, it can't REALLY be a "final judgement" if there are "amendments", thus nullifying the whole "final" part of the motion.

And so... these cases compile, and the mockery of justice, waste of human time, and incest that IS the South Florida legal system... persist, without oversight from any sane guardians.

On the brighter side, it will force me to close the company, and since I have been paying for everything out of my own pocket, I will own everything. Or in other words, they get nothing, and I'm simply moving forward anyway.

That aside, and strangely out of left field, I have been offered not one, but three T.V. shows (and I am NOT an actor). Nor did I seek these.

But the History channel will start shooting a 12 episode series I will be co-hosting. The good news is they are using my lab as the set, so I can roll out of bed right onto the set... (hmm, sounds like I'm in porn).

An interesting "reveal" by the Atlantic...

I would like to see the data once all the trust fund punks and "Christians" are removed from the data set.
Money buys a fuck load of happiness, and I love skin deep :)
