Jeffrey,
Do you approve of this Receiver for the master bedroom in Palm beach, I would use this receiver and the B&W book shelf speakers I have in storage, with SunFire amp that was installed in Boeing.. I would install myself today..
Retail of Receiver \$800.00
our price at audio Advisors \$599.00
I have heard this receiver at the store, and I am familiar with the Audisy program that come with unit..
I thought this would be a nice sytem for the palm bch master,
is this OK,?
I am working on outdoor speakers for pool at LSJ. (canal street NY and Audio advisors PBI)..

thx,
Larry
