I called there this morning after receiving your email, and moments ago I got the attached. I'm not sure where we got the idea he was willing to give us an opinion, but I send this along with regrets. Of course, there are federal laws involved, but his office takes the lead in supervising the enforcement of the specific issue we raised, so punting to the federal authorities does seem odd. Anyway, if you want to discuss this, let me know. Maria
