I have enough of living like a Nomadic.

I have no place where to leave my stuff in Milan. I don't know how to go back to Rome. I have to leave the house of Milan today. [REDACTED] not spending Christmas with my family because you told me in September I couldn't go to Brazil with them and my mother and my brother are leaving tomorrow morning so I will not see them at all.

I couldn't be more more sad and stressed. [REDACTED] having the WORST CHRISTMAS EVER.
