You used Gmail's "Open as a Google spreadsheet" link to view the attachment called "island action list 28th november".

By doing this you saved an editable copy online at Google Docs: <https://spreadsheets.google.com/ccc?key=th965mXN-Bo9gHFWbzpE8Wg&gmrcpt>

Google Docs allows you to:

- **Create and edit** documents, spreadsheets and presentations online, from anywhere you have Internet access.
- **Share documents with others**, even collaborating on the same document at once, in real time.
- **Know that your documents are safe**. Since your content is stored on Google's secure servers, even if something happens to your hard drive, your documents are protected.

You can always get back to Google Docs directly at <https://spreadsheets.google.com/>
