 [The Intelligence Squared public-speaking course](#)

4-8pm, 28 Nov 2017, The Royal Institution

Testimonials

Whatever your previous experience, [our public speaking workshops](#) will boost your powers of persuasion and give you extra confidence to defend your opinions in any scenario – from the dining room to the boardroom.

'The course was excellent. Very dynamic with excellent teachers. I felt like we covered a lot of ground.'

Whether you'd like to express yourself more persuasively in everyday life or improve your ability to speak in front of an audience for professional purposes, our team of expert coaches will work with you in small groups, teaching the skills of formal debating to help you up your game. You will learn how to craft an argument and get your message across with impact. You'll increase your ability to think quickly and creatively under pressure, and respond to challenges with resilience and poise.

'I would definitely recommend the training – it's great to be in a safe environment with like-minded people.'

'The training will greatly benefit me in my day to day work – and I intend to roll it out to my team members in the future.'

And for those of you who have already attended one of our workshops, we are also offering an **Advanced Stream**. Building on what you learned in the previous course, we will focus in depth on the skills you need to present under pressure, to deal effectively with challenges and respond robustly in real time, giving you the tools to speak with impact in any situation.

'The instructors were excellent speakers themselves – engaging and encouraging, and truly listened to everyone's speeches.'
