I was able to negotiate price from 65,000 to 59,000 plus 2,500 shipping to Miami
Cory said they do not have any use for our machine in trade but thinks we can probably sell for 7-10k

Projected Costs

2010 Model 5000	59,000
Shipping Minnesota to Miami	2,500
Tropical Shipping	<u>5,500</u>
Total Costs	67,000

Please advise if ok to proceed
Thank you

Subject: RE: Cherrington

I apologize for the quote for the used machine I sent with my earlier email. The price is, as I quoted on the phone, \$65,000 plus freight.

Thanks

Rich and Ann

Thank you for your time on the phone today. I am certain we can find an excellent replacement for your existing Cherrington model 5000.

I have attached a quote for the used 5000 we have in stock, as well as a deeply discounted price for a new model 5450, with freight to Miami. I am not able to offer any trade in credit for your existing machine at this time.

The new model 5450 is the successor to the model 5000 in our fleet. We have replaced the multi-piece screening mechanism with a single piece, oscillating screen bed for faster, quieter operation with lower maintenance and fewer lubrication points. There are only 3 bearings on the screening system in this model. I can offer a 2 year warranty on this machine, as well as a very attractive price for being a long time customer.

The used model 5000 we have available is a 2010, as is stated in the info sheet. It has been refurbished at our factory and has new chains and flights. This machine will come with a one year warranty against factory defects. We made many improvements in the model 5000 in the years since yours was built. I have attached a booklet highlighting these. I am not able to discount this machine any further at this time.

[Cherrington Model 5000-5450 Beach Cleaner Video](#)

Please let me know if you have any questions about either of these machines, or would like to move ahead with either of them.

Thank you
