Hi

Just as I said to you all I have is a sketch that John Christianson forwarded (Jan 9th) no pricing, company, no approval

Brice asked if Decal could be removed and added when needed

John said he was working on checklists and if I wanted anything added to housekeeping

I asked if he could forward housekeeping for review

We never received a reply and that is the last correspondence I received from John

The decal come up with Carlos when PRD was being refurbished I asked if he had any approvals or info on decal. He said he had seen picture and had spoken to John about it

I am sure I would have said something like, it looks like it is a no go if we have no approvals and I received to more information from anybody. I really thought it was a dead deal

Did you approve decal? If so does anyone have design details/company etc
