---

Hi Jeffrey,

I appreciated meeting you and your team last month. I wanted to check in with you and ask whether I could discuss with you the possibility of collaboration on our placebo research. We have some nice studies in the pipeline but very much could us your support. We feel our center is poised to shake up things.

Sincerely,

Ted

Jeffrey, I think it may be a good idea to set up a time to meet on April 12 in Cambridge. As a location, I can offer my home office near Harvard Sq, my office at the medical school, or any tea shop in the area. Or do you have another preference?  
Suggest a time.....as i'm flexible that day.

Hi Jeffrey,

When is a good time to talk about placebo? When are you next in Cambridge?
