I want to understand things that I observ - and now I have observed things (micro) and I like to put this in perspective (macro)

Beeing around people that could guide me in the macro context - like - to understand what is going on - maybe it guide me somewhere

Hi Jeff!

How are you. I am thinking about now and then and hope you are well.

My dream is to spend some time to the fall/winter at a inspiring University doing a post-doc, (visiting fellow) or anything like that. To be able to actually read and write. To create a something that is both lasting and substantive.

So I need you advice and help! Would you take up the challenge ;)

Lisa
