Jeffrey,
Land line [REDACTED]

Running out options for Charter for Karyna, ABQ and SAF have minimal charter options.

-Lear 60 is coming to SAF from El Paso TX for a charter tomorrow morn, we are trying to see if they will quote to trip to Carlsbad, this would avoid reposition cost, it's a long shot.

-King Air for tomorrow is priced at \$7065.00

-Piston Twin / Cessna 340 and 414 are booked this week, not available.

-No answer at Sundance FBO in Moriarty Airport, left Voice mail.

Larry,
Here is the quote I received from CSI, they are repositioning for Carlsbad. They had an earlier trip that took them to carlsbad so leaving from ABQ doesn't matter.

The CJ just called and he is unavailable to take the trip. going to plan E, F G not sure..

The pilot from the BBJ is asking for you to see if you are coming out to visit him, he says he has not seen you in awhile.
