hi jeffrey,

i did the bigger sample but the paper got wrinkled when i applied the venetian plaster so doesnt look that good.., but i think looks better regarding the size and the shape

i did the angle of the fan bigger, its 90 degree. i think it looks better..

for the other samples i used some coated fabric so thats why they didnt get wrinkle.., but for the last sample i had to use paper instead, i had just a small piece left of that coated fabric..

thank you,

ion
