No report from Max's father. Max said that you guys met for 20 minutes. Was going to meet again. I haven't met him yet.

I had a talk with Alain Forget last week and he's agreed to join the study. He's the one that can transmit light. I've attached Peter Fenwick's slides. Not yet published. Please do not release. Will be good for your meeting with him.

Hi Jeffrey,

A mentor of mine, Peter Fenwick who is based in the UK, will be in NYC Oct 3-4. Just checking to see if you'd like to meet with him. He did the eye gazing study that I talked to you about (EEG). Some info on him here: [https://en.wikipedia.org/wiki/Peter_Fenwick_\(neuropsychologist\)](https://en.wikipedia.org/wiki/Peter_Fenwick_(neuropsychologist)). The interesting thing about him is that he tried to do enlightenment research 50 or so years ago, but wasn't able to quantitatively identify who was enlightened. So he ended up researching near death experience.

Let me know if you have time and are in NYC and I'll set up an intro.

Will be in Goa this weekend.

gino
