look, the presentation is a dud, if it were a meal at one of your restaurants , i would have sent it back, you would have lost the faith of a customer and started down the path to a bad reputation, you do quality things, you need to have quality people, I think you have damaged the immediate sale and would pull back, before more harm I would talk to real investment banks < deutsch bank has a restaurant division, for example Paul morris, . You do what you do very well, the issues that we discussed of loaning noah and jason money, is not what i do, but just my observations and not recommendations are that they are concerned , maybe legitimately re vegas, and that find a way to give them something is probably a good idea.
