Subject: Fw: Zorro Terraces

Date: Thu, 07 Jun 2012 12:55:33 +0000

Attachments: 2012+Terrace%2C+bunkhouse+bid-1.pdf

Jeffery;

Attached is bid Wendy had sent. Below is Brice's outline of work to be done.

Brice has not spoken to Henderson again to get a new bid based on his new specifications.

So the attached bid is for reference only.

Craig

Subject: Zorro Terraces

FYI
made contact with two other contractors in regard to sandstone terraces at Zorro
Winton Smith recommended by rocky mountain stone, who where the original supplier of all marble and
sandstone
Darrin Putman of JB Henderson, who has contact that was interested in the job.
Both Parties are expected to view job this week and get back to me by the end of next week with proposals
JB Henderson will be supplying a separate proposal for the gutter work around Princess Deck.
Les File for stucco work for upstairs walls outside master and 2nd floor living room

After revisiting sight would recommend that work does not start until after July visit.
there are several components to Master terrace work alone.

1. Removal of concrete balustrade
2. removal of existing decking
3. new water proof membrane
4. repair gutter
5. new deck material
6. Replace balustrade
7. repair stucco

basically would not be able to get done by july
