Subject: RE: Epstein Story

Mr. Lefkowitz,

We are closing on this story soon and are publishing early or mid-week next week. This is to reiterate my request for a phone interview with Mr. Epstein or an in-person meeting. I want Mr. Epstein to know everything I might get into related to him, and hope the two of us can meet, so that I can hear some answers to my questions, and some arguments. This is an opportunity to respond now rather than later, after the story will have been published. Some of the points of the piece involving Mr. Epstein are:

- 1999 and 2009 application for and grant of EDC benefits
- political ties on the island
- attempt to transfer his house arrest to Little St. James (and other aspects of LSJ)
- business relationships there
- sworn testimony in 1999
- claimed residency there
- charities and the actual activities of FTC there

I hope to hear from you and Mr. Epstein.

Wayne Barrett

Subject: Epstein Story

Mr. Lefkowitz:

Thank you for offering to answer questions for my stories on Jeffrey Epstein. The first story I'm going to do focuses on the Virgin Islands.

It will explore his:

- 1999 and 2009 application for and grant of EDC benefits
- political ties on the island
- attempt to transfer his house arrest to Little St. James (and other aspects of LSJ)

- business relationships there
- sworn testimony in 1999
- claimed residency there
- charities and the actual activities of FTC there

I would be happy to meet with whomever you believe is appropriate to discuss these matters, preferably Mr. Epstein himself, obviously.

Mr. Indyke is familiar with some of these matters, though I'm not sure he was involved in these matters in 1998 and 1999, when Mr. Epstein first set up shop there.

I am certainly hoping this meeting will take place in NY.

PLEASE CONFIRM RECEIPT OF THIS EMAIL.
