---

I respect and understand this.

But can you please clarify the nature of the plan you are looking for me to make. I don't understand whether I need to be looking for new work, planning to try to support myself more, or just looking for something I want to do?? I know what I want to do. the timing is unfortunate. So once I understand a bit more how you want me to plan I can rethink.

I am sorry I haven't established something as fast as you would like but I never anticipated to really be doing this. Although, that being said, I respect and agree that we can't keep going as we have been :)

fyi - I will love you unconditionally and for ever regardless of anything and there is nothing that I would not do for you. I don't want you to have stress because of me. If it is better/less stressful for you to not have to worry about me I would survive. I know you are concerned but you shouldn't be. I am more at peace than I have been in a long time. :) I don't want you to be concerned I want you to be happy inside your little heart.
