Re: **Special Master Agreement**

Dear Bob:

In reviewing your billing statements, I sent you and Kathy an e-mail. The e-mail requested that you identify the matter and number with a particular client, i.e. if matter [REDACTED] i.d. that for me. I am assuming the "common" designation was where time was dumped which was purportedly applicable to all of your clients. I could not identify that either Susan or Amy identified a specific client with regard to their billings. Is that correct?

Obviously my files did not look like yours. With regard to your clients, other than some background information which we obtained, I have only two pleading and correspondence files, Jane Doe 101 and Jane Doe 102. Those are the only two cases that were filed. Jane Doe 102 had minimal legal work. I also don't recall that your office set any depositions which was subsequently taken. Therefore I am going to need my expert to look at your files to understand the basis of your \$2 million plus claim; that would include the files of Amy and Susan as well.

Is there some manner that you can specifically i.d. your costs separate from photocopy and copies of deposition, etc. such as any reports or examinations that were performed? Identify the person or entity which did an exam, the cost; and you should

probably send me a copy of the bill. To merely list a large amount, with no backup information is of no assistance whatsoever.

Finally, would you please provide me a C.V. for the attorneys and anyone else who worked on the file. If someone was a timekeeper who charged a fee, I need to know who that person is, his or her qualifications, etc.

I shall look forward to your response.

Cordially yours,
