Materials I Need

1. A list of all girls who have filed lawsuits, name of lead attorney/firm, and copy of lawsuit.
2. A list of Plaintiff's names with date of deposition (and in what case, as witness or plaintiff) and IME, either already done or scheduled. If exist in a chart, all the better
3. Copies of the depositions and IME.
4. Copies of any documents from mental health experts produced by plaintiffs.
5. If a flow chart of which girls came first, who brought who in, number of alleged visits exists, that would be great.
