Hi..going to sleep soon..today I enjoyed lunch w a friend and sleep in late afternoon..then amazing dinner w another friend.I ate bread and delicious chocolate cake w ice cream.the best thing today tho was the conversation I had with Richie. First we were texting a bit and I told him that I was actually in love w him (I never told him that before) and that I still am and that I miss him but I still don't wanna be w him . Later he called me we were talking and he said that I'm very confused and that maybe I should really be single for a [while.to](#) figure out myself and what I want. I know I ve been hearing this from many ppl but since he told me that it just sounded differently and he is right. I really feel much better now and I'm gonna concentrate on that..so from a bad day it turned out to be pretty good..Thank you very much Jeffrey for standing by my side during my loneliness..it hepled me so much and its still helping me actually.I really greatelly appreciate it. And also I'm using my slovakian phone in europe so whenever u wanna call please use this number. [REDACTED]

Thank yoi! Have a great rest of the day
