

starting at \$16,990*

The passion cabriolet has all the features of the passion coupe plus an upgraded radio and sound system that includes an mp3 compatible in-dash 6-disk CD changer. The main difference lies in the soft top with a heated rear glass window that is fully automatic and can be infinitely adjusted to any position while driving at any speed. For the full cabriolet experience, simply remove the side roof bars - taken out in no time - and stow them in a special compartment in the tailgate.
