

Using Your iPad as a Remote

A seminar by Ben Rosner, founder and CEO of *e-home*

Apple's recent introduction of the iPad has revolutionized the field of home integration. We can now use an iPad app to control music, TV, lights, shades, temperature, alarm, security cameras, and more. This seminar will offer the design community a non-technical overview of the iPad as home controller.

When: Tuesday, June 29 at 5:00pm

Where: Verdi Square Showroom, 2091 Broadway (at 73rd St.)

Please RSVP to: [REDACTED] or [REDACTED]

Refreshments will be served
