## Invoice

Brice Gordon  
c/o Zorro Ranch  
Stanley, New Mexico

Brice,

Here is the price for lowering the fountain in the Estancia  
Phase 1

Support fountain bowl with I-beams and heavy duty material lifts (4)  
Saw cut grout joint  
Raise bowl and remove middle piece of fountain  
Lower bowl and set into place for owner to approve

Phase 2

Support fountain bowl with I-beams and heavy duty material lifts (4)  
Raise fountain and apply grout  
Lower fountain and level  
Fill bowl to check for uniformity of water flow around the perimeter of bowl. Some grinding may need to be done to achieve water flow.

Project should take about 3 day's total

Includes; material, labor, equipment to complete project  
Excludes; electrical and plumbing

Price \$ 2,450.00 plus tax

Total \$ 2,621.50

\*\*We had additional labor, materials and equipment rentals to lower the bowl to its final position after meeting with Mr. Epstein. \$1,180.00 plus tax

Total \$1,262.00

Final total \$ 3,383.00

Call me if you have any questions at [REDACTED]

Thank you,

JJ Blea
