Brice,

Here is the invoice for the work done on the Estancia Fountain and the Stoops

Original price \$18,400 plus tax \$1,196.00 = \$19,596.00

Received \$15,676.80

Balance on original contract = \$ 3,919.20 **paid**

**Additional** costs for piecing the fountain together prior to final installation inside the estancia as per your request. There were pieces that were damaged and needed attention, Raphael has pictures and did some of the repairs at his shop. Many of the pieces were shown on the drawing as square when they were in fact rectangular, these pieces needed to be modified to fit.

6 guys 2 supervisor x 16 hours (2days) = \$3,600.00 plus tax (252.00) = \$ 3,852.00

**Outside fountain**

Install high density epoxy cement

Additional cement to match grade and be flush with lights on the floor (250.00)

Install 5 coats of neo guard coating system

\$ 3,450.00 plus 241.00 tax = 3,691.00

Total due for both fountains \$ 3,691.00 plus \$ 3,852.00 = \$ 7,543.00

Please call me if you have any questions at [REDACTED].

Thank you,

JJ Blea
