We are on the same page, that was last week that we requested every piece of furniture. After your meeting last Wednesday Mark knows that he needs to do his interpretation of the PINTO room and that is what will go to the renderer to finish the rendering, but as of this moment we need to have the renderer start the process and build the white box.

Jeffrey, Mark is putting together his image of the cabana, that is being done. You had requested a rendering of the cabana so we need to get the render paid so that he can start the process, he must first build the cabana in the program utilizing the drawings and elevations that you have already approved and built.

Thanks,

Matt
