H <<Financial Reporting April.xlsx>> i Jennie,

Here are the numbers for Jan-April.

The results show continued growth, and would have been considerably better had we done any advertising in April. Our last direct response TV ads were run in early March, and the results were excellent for that month as Seat Revenues were up 96% compared to February.

We are closing \$400k of our \$4.0M raise next week, which will enable us to get back on TV plus continuing to ramp up the Los Angeles and San Francisco markets.

The spreadsheet contains three tabs: The first is flight level related (Revenues-GM) for the two aspects of our business, Seats, and Whole Plane Charters (aka: Charters). The second is the P&L which is complete for March but, for April, stops at the Gross Margin level (since the April books aren't closed yet - will be next week). The third is the Balance Sheet.

As always, please don't hesitate to call should you have any questions.

Regards, Charles.
