First you came into my room and asked what i would like to do, I said anything just the two of us. You said ok, should we go for a walk alone. I said yes. 10 minutes later I walked into the oval room where you and ▮ were getting ready to go walk as if our conversation never happened, we got directions, I was waiting for you to tell her she is not going or explain to me what happened in the 10 minutes in between , but nothing. Classic Jeffrey bait and switch. Only then I said I'd rather spend time by myself.

I hope you are ok. I had waited till 1 for you to wake up. you had kicked me and screamed iva. , you said it was ivan . After I had researhced the best place to buy furniture, valdson and you found the directions to get there. Then without warning , you started that you weren;t going to come. No discussion, no communication, just I\m going to do something on my own. I then said lets talk. and you started on what you don't get. ▮ as pros. Had you suggested , why don't we spend the day alone. hey, how about we do this or that, can you speak to me a minute. no, you just decided , you were not going to go .
