"Annually" is "as instructed" in final paragraph

The New York state statute does require updating registration within 10 days of changes of name, employment, address, and internet service or accounts. I have given Darren the statutory reference. It is impt because of this language in 18 USC 2250 which predicates any federal offense on the following "conduct" - "knowingly fails to register or update a registration as required by the Sex Offender Registration and Notification Act"

As usual, I know you want to err on side of notification/caution
