So let me understand...Your butler complains that he and his wife -a maid- had to clean after a sick dog and actually tells you to have YOUR girlfriend clean instead? In response, you joke and take his side, instead of telling him the dog- which is more important than him - is unfortunately very sick, cleaning is part of their job and warning him never to speak about your girlfriend this way again?

He often talks about cleaning stains after Max but somehow he feels it's ok to complain when it comes to my dog.

I can clean after Ball-e and I don't mind doing it but I would appreciate you standing up for me in front of the staff when they forget I am not one of them.
