Jeffrey,

The current vendor price of \$ 47,006.50 for the 300HP Yamaha engines plus all the accessories is as low as he was willing to go.

I told him that I got a lower price form Midnight Express which I had over the phone from Harris at \$ 44,615 and he asked me to forward him that quote, I asked Harris to get me something in writing and he told me there was no way that he quoted me that low of a price and that I may have heard the wrong the number over the phone so Harris actually e mailed a figure of \$ 52,625 for the engines and the accessories.

Please advise if you want me to go with the current vendor who does have the engines in stock so we can have them within a few days if you choose so or would you want me to see if I can find someone else?

Thank you

Emad Hanna
