Looking forward to meeting you again! We met shortly at your place in November 2004 as I visited Harvard and prof Nowak together with Anna Dreber - don't know if you remember...

Anyhow, would be great to see you in Stockholm for next year! Barbro would of course also very much appreciate if you could attend her *Swedish-American Life Science Summit* any time in the future...

All the best,
Astrid

Dear Jeffrey,

I just wanted to send a short note to thank you for your continuous support to the Female Economist of the Year scholarship, and to Barbro's Best and Brightest!

This year's FEOY award ceremony was a wonderful event! We should all thank Barbro for making this happen. I am so sorry you couldn't be there to meet the winner, Carolina Lindholm, and the previous winners and other BBB-girls! I hope that you soon will be able to come to Stockholm, either for the next FEOY award ceremony, or for one of our BBB-meetings.

Again, thank you so much for your support!

Best wishes,
Astrid Lilliestrale
