Jeffrey,

I got a call from Marie and I gave her my email address because her husband would like to see if he can fly for you. I told her that I would pass it on.

Hi Mrs. DeJongh,

It was a pleasure speaking with you! Attached is my husband's resume. He has extensive corporate flying experience and is in search of employment.

We both grew up on St. Thomas. My dad Ish Lugo had the jewelry store "Ish's" for many years.

My sister Lisa Hoover is married to Marshall Hoover and they live on St. Croix. I was down there recently for my niece's wedding on St. Croix. It was good to see my family.

Mike, my husband, flew for VI Seaplane Shuttle, Bohlke on St. Croix as well as Seaborne Seaplane on St. Thomas. He also has certifications in jets including the Gulfstream 2 and 4, and Learjets, as well as the Sikorsky Helicopter S-76.

We have been living in Malabar which is just outside of Melbourne and south of Palm Bay. We are basically an hour's drive from Orlando.

If you and John are ever coming this way donot hesitate to give us a call.

Thank you for your time and passing along [REDACTED] resume to the point of contact for Epstein's corporate flight department.
I very much appreciate it, Marie
