no / i said you should feed ex the swabs.. you took mine without paying attention, I said the office could help you do it, if [REDACTED] was still there. Does it make sense to you, that i only wanted the swabs if and only if -my office was open,, i don't understand,, I am on a conference call and will finish shortly.. I appreciate you finding a russian massage guy, I have repeatedly said, i would ask that you, make an effort to do as i ask, things i say i need or want. you choose to find other things.. its goofy. you can't find time for [REDACTED] or [REDACTED] but can find time for a russian reflexologist.. Lets not argue, I have asked you for a solution. ? I love you, if you are exhausted, what do you propose. ?

You told me to fedex swabs if there was someone still in the office. There wasn't. I would like you to stop picking on every mistake I make. I know what I do wrong and I don't need you to watch over my shoulder and point it out to me over and over again for hours at a time.
