Subject: Verdi Square Event: iPad as Remote

Date: Thu, 24 Jun 2010 14:53:50 +0000

Attachments: ehomeinvite.pdf

Hello,

Apple's recent introduction of the **iPad** has revolutionized the field of home integration. We can now use an iPad app to control music, TV, lights, shades, temperature, alarm, security cameras, and more!

We would like to invite you to join **e-home CEO Ben Rosner** as he gives a non-technical overview of the **iPad as home controller**.

When: Tuesday, June 29 at 5:00pm

Where: Verdi Square Showroom, 2091 Broadway (at 73rd St.)

Please RSVP by replying to this email or call [REDACTED]

Seating is limited. Additional details on attached invitation.

Regards,
Verdi Square Events
